**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Anthony M. Del Zoppo, III on 05/21/09.

The application has been amended as follows:

Claims 28-30 have been cancelled.

***Allowable Subject Matter***

2. Claims 1-5 and 19-21 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claims 1 and 19 are allowed as indicated in the previous office action. The closest prior art, Park (US 2003/0158922 A1) teaches a non-volatile storage device storing an identification information that indicates that an identification information network connection (see par. 0023; comparing SSIDs of the received beacon signals with SSID set in the wireless LAN card to detect an access point having the same SSID as the SSID set in the wireless LAN card). However, Park (US 2003/0158922 A1) does not teach a non-volatile storage device storing an information that indicates that an access point for a connection to the network is a hidden access point, as pointed out and argued by applicant.

Claims 2-5 depend on claim 1. Therefore, they are allowed.

Claims 20-21 depend on claim 19. Therefore, they are allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
